

New AG International

PRESS RELEASE - For Immediate Release

19 January 2022 – London, England

The 20th New AG International Conference & Exhibition

Hilton Warsaw Hotel & Convention Centre

Warsaw, Poland

Hybrid Event

In-Person & Digital experiences: Tuesday 8 – Thursday 10 March 2022

An Event Not to be Missed!

The New AG International Annual conference is regarded as the key annual event to update your knowledge on the latest news and information on research, product development, new products and new technologies in the field of Plant Nutrition, including:

- Specialty Fertilizers
- Water Soluble Fertilizers
- Slow Controlled Release & Stabilized Fertilizers
- Biostimulants

Building on the success of the previous 19 conferences, New AG International Annual will offer the ideal opportunity to network with high profile academics, researchers, government officials, corporate representatives and globally respected speakers from all over the world including key Buyers, Distributors and Consultants from East and Central Europe.

Meet industry pioneers and entrepreneurs bringing innovative plant nutrition technologies to the market - the conference programme features 30+ speakers from across the globe. More than 15 papers will introduce new products and technologies to the market. The prestigious line up of speakers for the Warsaw meeting is one you won't want to miss.

About New AG International

The World's Leading Magazine on High Tech Agriculture in English and Spanish

New AG International Magazines, established in February 2001, cover on a quarterly basis all news relating to the fast-growing High Tech Agriculture Sector around the World. New AG International's primary but not exclusive focus is on biological control, biostimulants, specialty fertilisers, irrigation, fertigation, plant nutrition, greenhouse technology and precision agriculture.

New AG International Magazines are published in English and Spanish (4 issues each per year) for a complete penetration of the world markets. Offering highly effective on-line advertising for companies wishing to market their products to buyers and decision makers across the globe.

World's Leading Conferences & Exhibitions on High Tech Agriculture

New AG International Conferences & Exhibitions are held internationally several times a year. New AG's events are widely regarded globally as the unique settings to make new business relations, strengthen existing ones, open business discussions and conclude business. The conferences impressive line ups of international renowned speakers offer the opportunity for attendees to upgrade their knowledge in plant nutrition, irrigation, fertigation, biocontrol and greenhouse cropping. New AG Conferences regularly attracted over 700 delegates from more than 60 countries of the five continents. Attendees of the meetings comprise of the industry's leading Producers, Researchers, Traders, Distributors, Co-operatives and Consultants, as well as Government Officials and Academics.
